About WNYLRC

[PDF version](#)

The Western New York Library Resources Council (WNYLRC) is a not-for-profit consortium of libraries and library systems serving six counties: Cattaraugus, Chautauqua, Erie, Genesee, Niagara, and Orleans.

The Council was chartered by the New York State Board of Regents in 1966. Member libraries include academic, corporate, hospital and other special types of libraries. Library systems include public and school libraries.

WNYLRC is governed by a volunteer Board of Trustees. Operations are conducted by a staff at the central headquarters located at Airport Commerce Park East, 4950 Genesee Street, Suite 170, in Cheektowaga. Specific issues and activities are addressed by various volunteer committees and discussion groups comprised of staff from member libraries.

Most Council programs are funded by state aid administered by the Division of Library Development at the New York State Library. The Council also seeks funding from private and other government sources for specific projects.

It's too bad the White House isn't as good at protecting the identities of intelligence officials as it is at protecting the identity of senior White House officials that out intelligence officials that are married to whistle-blowers.

American Press Scooped Again

It seems Bush and his band of war criminals and thieves have been up to it again. Four billion dollars are unaccounted for from the Coalition Provisional Authority. I am sure glad Congress voted overwhelming to make sure another 87 billion of our tax dollars will disappear. Maybe Bremer will tell us the Scottish newspaper is working for the terrorists.
